

This roadmap should be viewed as a general guide for structuring your schedule. Actual course taking patterns will vary depending on academic interest and the semester the Course 15 major is begun/declared. Even if you think it is “too late” to declare Course 15, come see us in the Program Office to discuss.

²15.401/15.417 can count as a Restricted Elective and toward one of the two Course 15 classes allowed as an Economics Elective. Economics Elective credit cannot be granted for both 15.401/15.417 and 14.45.

³Up to two Economics Electives can also count as Concentration Electives if these courses fit within the goals of the concentration.

⁴Students who choose to take 15.310 need a 2nd CI-M in the major. The choices are: 15.417 (Also counts as a Restricted Elective) or 15.418 (Also may count as a Concentration Elective) or 15.276 or 15.312 (Both may count as Concentration Electives).

⁴Depending upon double counting between Economics Electives and HASS courses and Economics Electives and Restricted Electives and Concentration Electives, additional electives may be needed to accrue the 180 units beyond the GIRs.

With the flexibility in choosing concentration electives, please check the [online Subject Listing](#) for prerequisites and semester offered for specific Course 15 subjects.
