

This roadmap is an 'MIT student optimized' guide for structuring your schedule. Course 15 always encourages you to choose courses based upon interest, not by whichever checks off the most boxes. Please read the footnotes for additional options and come see us in the Program Office to discuss.

Notes:

¹Students who choose [15-1](#) as primary major and [6-14](#) as secondary major can concentrate in Economics for their HASS concentration.

²[15-1](#) and [6-14](#) double majors can petition the Sloan Undergraduate Office to substitute [15.276](#) for [15.279](#). [15.276](#) can also fulfill one of the CI-Ms for [6-14](#).

³[14.30](#) or [18.600](#) or [6.041A&B](#) can fulfill the Probability requirement for [15-1](#) and is required for [6-14](#).

⁴[14.32](#) can fulfill the Statistics requirement for [15-1](#) and is required for [6-14](#).

⁵[14.05](#) or [14.18](#) can fulfill one of the CI-Ms for [6-14](#) and can count toward the HASS requirement for [6-14](#) secondary majors.

⁶Some [6-14 Restricted Elective](#) options can also count toward the HASS requirement for secondary majors.

⁷[15.053](#) can fulfill a [15-1 Concentration Elective](#) and can count toward the 'one of [6.207J/14.15J](#), [6.215](#), [15.053](#)' requirement for [6-14](#).

⁸Students have a lot of flexibility when choosing their [15-1 Concentration](#). It is common for [15-1 Concentration Electives](#) to overlap with HASS or second major requirements. Please consult with the Sloan Undergraduate Office.
